

**LA CROSSE
PUBLIC LIBRARY**

October 2018 Technology Classes

Thursday, 10/11, 10am-12pm: [Android phones for beginners, part 1](#)

Bring your charged Android phone and learn the basics about how to use it. We'll talk about how to add and remove apps, adjust general settings, and more.

Thursday, 10/18, 10am-12pm: [Android phones for beginners, part 2](#)

Pick up tips and tricks to manage your notifications, adjust privacy settings, and use your camera. We'll also address any questions you might have.

[Returning series! Genealogy on the Internet](#)

Bring your own family questions and have a chance to practice with your own information. There is no printing available in the training room; please bring a flash drive if you wish to download images you find.

[Family Search in the digital age: the other 70%](#)

FamilySearch is now digitizing their vast microfilm collection and collecting new records in digital form for their website. Most are not indexed. Sign up with FamilySearch for a free account (required) and come to learn the tips and tricks to find unindexed digital images.

Tuesday, 10/9, 10am-12pm

Thursday, 10/11, 5:30-7:30pm

[Mapping your Ancestors: geography and family history](#)

Location, location, location as realtors say and the location is important for family history. Knowing where people lived helps you find records and information about them. Come to learn about online historic map sources that will help you in your search. The focus is the United States with some foreign information.

Tuesday, 10/16, 10am-12pm

Thursday, 10/18, 5:30-7:30pm

**Seating is limited. Call the Reference Desk at
789-7122 to sign up for classes.**
