

## November Computer Classes

**Tuesday, 11/28, 10am-12pm: iPhones for beginners, part 1**

Learn the basic parts of your iPhone, how to connect to wifi, make calls, send texts, and shop for apps.

**Thursday, 11/30, 10am-12pm: iPhones for beginners, part 2**

Pick up tips and tricks on using the control center, keyboard, Safari, your camera, and more.

**Returning series! Genealogy on the Internet**

These classes are an introduction to finding genealogy information online. Bring your own family questions and have a chance to practice with your own information. Sample searches will be provided if you don't bring your own material. There is no printing available in the training room; please bring a flash drive if you wish to download images you find. Led by Archives staff member Megan.

**Tuesday, 11/7, 10am-12pm: Using Family Search**

**Thursday, 11/9, 5:30-7:30pm: Using Family Search**

Family Search is digitizing their microfilm records and no longer loaning microfilm. Come join us for tips and tricks to find those digital images.

**Tuesday, 11/14, 10am-12pm: Mapping your ancestors**

**Thursday, 11/16, 5:30-7:30pm: Mapping your ancestors**

As realtors say, location, location, location. Maps can help you identify where your ancestor may have attended church, gone to school, or conducted business. Focus on U. S. sources with some foreign locations.

**Returning series! Classes taught by Western Technical College students**

A class of Western students have spent the semester preparing classes to teach to the community. Call or stop by the Reference desk for more details!

**Wednesday, 11/15, 1-3pm: Introduction to Gmail and Amazon**

Updated 11/1!

**Friday, 11/17, 2-4pm: Windows 10: Basics**

**Wednesday, 11/29, 5:30-7:30pm: Microsoft Word: The basics and file management**

**Seating is limited. Call the Reference Desk at  
789-7122 to sign up for classes.**
