EMPLOYMENT SECTOR SPOTLIGHT: HOSPITALITY

Wisconsin has a large hospitality industry. Travel, tourism, and food service are among the top employment categories within this industry. Hospitality is a year-round industry that offers a variety of career pathways for someone just starting out in their job search or someone who is looking to move up the employment ladder. E3 Works can help you find a position or a hospitality training program to prepare for a new career. Here in the Driftless Region, there are many companies all looking for full or part-time hospitality employees to start the summer season!

PROGRAM SERVICE OF THE MONTH: CAREER AWARENESS, EXPLORATION, AND COUNSELING

Whether you already have a career goal or just starting the process of figuring out what you want to do, E3 Works can help! All participants in the E3 Works program receive individualized career counseling. This includes labor market information for careers, skill and interest inventories, assistance with resumes and preparing for interviews, researching educational opportunities, and discussing possible work experiences with local employers to determine job fit. Our goal is to help you find a career that works for you!
