

E3 Works Program Newsletter - November 2022

Western Wisconsin Workforce Development Board
2615 East Ave South, La Crosse, WI 54601
www.westerwdb.org/e3works

EMPLOYMENT SECTOR SPOTLIGHT: FINANCE

The financial services industry is vast and offers a chance to experience a variety of careers as well as additional sectors like business and criminal justice for example. It makes up nearly 11 percent of the all the state's gross domestic product. This sector is very unique in the state compared to other states around. Nearly 300 banks have headquarters in the state, while some of the largest nationally known life, property/casualty, fraternal benefits society, jewelry and church insurance providers are also stationed within the state. There is a lot of prosperity to look forward to in a career within this industry. The state even offers a registered apprenticeship program, along with ways to certify without going to a four-year university or two-year technical college. E3 Works can help you find a position or training program to prepare for your new career. Let us help you find a career that works for you!

PROGRAM SERVICE OF THE MONTH: POST-SECONDARY PREPARATION AND TRANSITION ACTIVITIES

For many careers, training and additional education are required. E3 Works can assist our participants in navigating the process of determining a course of study, finding an appropriate school, and completing the application process. We can also assist in preparing for the SAT or ACT test, apply for scholarships, grants, and financial aid. We want to make sure our participants have all the resources to make their chosen career a reality.

E3 WORKS VIRTUAL INFORMATION SESSIONS:

Learn more about how the program works and how we can help you or your organization.
